

bing! LET'S GO GREEN! "GULP!"

NAME: _____

Today I learned about how important water is and how to save more and keep it clean. Help me answer these questions to complete the lesson:

1. Inside your body is lots of:

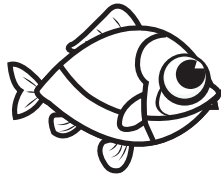

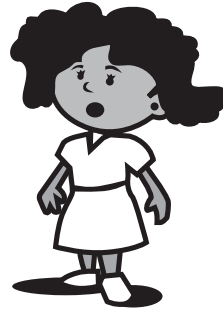

2. You should drink this every day:

3. How can we keep our lakes, rivers and oceans clean?

5. Match up:

6. Draw something that lives in the water:

NOW ... go to the computer to wrap-up your assignment.

(If you don't have a computer at home, you can do this in your school computer lab.)

Go to www.fieldtripfactory.com/bingsearch. Type in the following phrases, then click on the first link:

4. How can we keep our lakes, rivers and oceans clean? _____
