

**Word Study: Unit 25**  
**spelling – words ending with *\_ed* or *\_ing***

This week we will be studying words ending with –ed or -ing. When a base word ends with one vowel and one consonant, the consonant is usually doubled before adding –ed or –ing. When a base word ends with “e,” drop the “e” before adding –ed or –ing.

drop + p + ed = dropped

come – e + ing = coming

Our exception this week is fixing, where the final x is not doubled before –ing is added.
